Core Expertise: Crew Manning

Jayindra Marine specializes in offshore and passenger vessel crewing, supplying certified and experience-matched seafarers in full compliance with international standards.

Our comprehensive crew selection ensures alignment with STCW 2010, MLC 2006, flag state requirements, and charterer specifications. We pride ourselves on delivering professionals who exceed expectations.

STCW 2010 Compliant

All seafarers meet international training and certification standards

MLC 2006 Adherence

Full compliance with Maritime Labour Convention requirements

Flag State Ready

Documentation meets all flag state and port state control standards

Rigorous Crew Selection Standards

Our comprehensive screening process ensures only the most qualified, safety-conscious, and professionally competent seafarers join your vessels.

01

Experience Verification

Extensive offshore and passenger vessel experience validation with detailed reference checks and sea service documentation review

02

Safety Assessment

Safety-driven operational mindset evaluation through comprehensive testing and behavioral interviews

03

Technical Evaluation

Technical competence and soft skills assessment including communication abilities and teamwork capabilities

04

Medical & Documentation

Medical fitness verification and complete documentation compliance with international maritime standards

05

Rapid Deployment

Quick mobilization capability with efficient crew replacement protocols to minimize vessel downtime

Comprehensive Marine Services

Beyond crew manning, Jayindra Marine offers a complete suite of maritime services to support your operational needs throughout the vessel lifecycle.

Registration & Legal Advisory

Expert guidance on ship registration, legal compliance, and insurance advisory services tailored to your fleet requirements

Marine Surveys & Inspections

Comprehensive marine surveys and detailed vessel inspections ensuring safety and regulatory compliance

Marine Warranty Surveys

Professional marine warranty survey services for cargo operations and specialized marine activities

Design Support

Marine and offshore design consultation services for vessel modifications and new build projects

Repair & Recycling

Vessel repair advisory and recycling consultation services ensuring environmentally responsible practices

Career Guidance

Professional career guidance and mentorship programs for aspiring maritime students and young professionals

Diverse Fleet Experience

Our extensive portfolio demonstrates consistent delivery of qualified crew across diverse vessel types and operational requirements, ensuring your fleet maintains optimal performance and compliance standards.
